The Bowling Standard Entertainment System

Bowling Scoring System with High Resolution overhead LCD Monitors

* Stand Alone Systems

Two lanes per score computer system

* Player Zoom Feature

All grids have current-player magnification

* Score Grids

Ten frame grids with scrolling for up to ten players

* Soft Touch Keyboards

Press the **Menu/Start** button, enter the number of players and go. As easy as that!

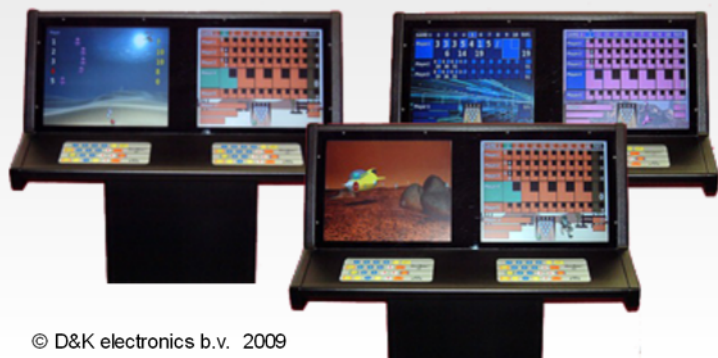

* Supplementary menu options:

- * Choose another Language
- * Choose Bowling or Animated Games
- * Choose another grid/background
- * Enter player names or initials
- * Select automatic bumper control
- * Call waitress
- * Press 'HELP' for explanation
- * Correction: delete or add frames

* Front Desk System (manager control) (optional RDS software required)

All the stand alone overhead monitors and console tables can be connected with a remote Windows or Linux computer via a local area network. e.g. player names can be send to the monitors, pinsetters can be switched on/off and the lane scores can be printed.

* Console Tables with 17" or 19" LCD Displays have the same features as the overhead monitors.

* Operating Languages

English, Dutch, German and French

* Animations

More than 300 animations standard

* Backgrounds & Grids

Choose from different backgrounds
